

Welcome to the mafia game plug-in catalogue. View a list of plug-ins I have created (and their price below). Select a letter, or just keep scrolling. To order any of the plug-ins, please email me at support@twistedwebsolutions.com or use the contact form on my site twistedwebsolutions.com. Make sure to quote the reference number.

All plug-ins come with free installation, but if you prefer I can just send you the files with installation instruction.

If you need a custom plug-in or have seen a plug-in you like which that isn't listed, contact me.

When purchasing a plug-in, you are given non-exclusive rights. Each plug-in is valid on only one domain. You may not resell or distribute any items received from Twisted Web Solutions. Refer friends to my service to receive additional free plug-ins and a possible referral bonus \$\$.

A

Account Strikes - \$9.98

Accounts are given 5 chances, every time they break a rule, you can remove a chance (and give a reason) using this tool. When a player has 0 chances left, the admin is alerted to ban the player.

Reference ID#26

Active Revenges - \$4.98

See active revenges that other players have on you. Rather than some older scripts, this also groups the player who attacked you, so you only see one revenge with the final time, rather than a revenge for each attack.

Reference ID#90

Allies & Enemies - \$14.95

This feature is a cool one for families. Family members can add/remove allies and enemies showing on their family page. No longer will players need to write full lists on their profiles, when they can simply click to add them as allies or enemies.

Reference ID#4

Auto Credits - \$44.95

This tool is a must have in the world of online gaming. Handing out credits manually can take hours; this system gives winning prizes out in under 30 seconds! This can be customised with level ranks, or standard ranks.

Reference ID#6

Auto Medals - \$39.95

Auto handout medals with a click of a button, medals then show on winners profiles. This is to replace your old system of manually handing medals to winners.

Reference ID#27

Auto Database Backup - \$12.45

Auto database backup, this will backup the selected game database. Can be setup as a daily cronjob. Great for security and protecting your site from permanent data loss.

Reference ID#101

Auto Rounds - \$34.95

Automated install rounds, no need to be online when a round ends, they automatically install from predefined defaults. This plug-in can link perfectly with auto credits and medals, making your whole site run fully automated.

Reference ID#107

Auto Supporter Status Expire - \$1.99

Player's supporter status auto expires and they are demoted to subscriber/free depending on their account. Most scripts have missed this function and require the admin to track down said supporters and do this manually.

Reference ID#24

B

Bank Interest - \$9.95

Players receive interest on their bank. This can be sent daily, hourly etc (your choice). Interest varies between supporters and non-supporters. A great little tool which actually encourages supporters.

Reference ID#1

Bank Statement - \$7.45

If you have bank interest, every time it's given, users are messaged their "bank statement" which has information about their previous bank balance, interest rate gain, interest cash gain and ending bank balance.

Reference ID#94

Banner Rotator - \$12.45

Players can select which game banner they wish to view, have option of 3 etc. A nice little tool to make the look of your site appealing to everyone.

Reference ID#2

Block Messages - \$9.45

The ability to block/unblock other players from messaging you.

Reference ID#46

Boss attack logs - \$14.95

The ability for bosses to view their family members attack logs. Both in and out attacks.

Reference ID#84

Bruglione Rank - \$4.95

The ability to make family members brugliones. If a player is a bruglione they can invite other players to their family. Please note: You must have family ranks already installed to have this feature installed at this price.

Reference ID#69

Business Board - \$4.95

Like a family board, but only for business messages.

Reference ID#53

Businesses - \$39.95

Users can establish businesses, upgrading them to earn more cash. Cash is given daily, straight into their bank. A great alternative to repetitive mundane collecting.

Reference ID#63

Button Rotator - \$9.95

Player can choose the button style of website. A great tool to help your site appeal to all players.

Reference ID#40

C

Car Bombs - \$7.45

Attack and plant bombs in opponent's cars, resulting in a percentage of their defence units being killed.

Reference ID#21

Censor - \$7.45

Censor words within game e.g. game spam links. Comes with an admin tool to easily add/delete words from the censor list

Reference ID#62

Change Boss - \$3.50

The ability to change bosses within the family. A lot of scripts are missing this feature.

Reference ID#71

City Banner - \$14.95

Have a different banner, depending what city you are currently in (e.g. if in New York, have current banner with "New York" splashed on it.

Reference ID#19

Credit Deals - \$9.95

The ability to set credit deals, which auto gives the correct amount of turns after purchase. No need to manually give the deal bonus.

Reference ID#57

Credits Used - \$1.99

Show credits used in current round on profile for admin to see. Can be made possible that players see as well.

Reference ID#64

Crew Bank & toggle - \$19.99

A crew bank where members of a crew can deposit and withdraw money between them. With an admin toggle to turn it on and off. A great plug-in to have and encourage family collecting.

Reference ID#13

Currently Page - \$7.50

This is a page which lists who's online and what they are currently doing. E.g. attacking, hiring, producing.

Reference ID#16

D

Database Cleanup - \$9.99

A running script that cleans up your database of all unnecessary previous round tables when installing a new round. Deletes such tables as mailbox, boards etc. Reduces server load and mysql query execution time

Reference ID#100

Default Profile Picture - \$1.99

Default profile picture when starting a round. E.g. "No image" picture.

Reference ID#77

Detailed Purchases - \$19.95

A tool linked to purchases, to find out more information about the purchase rather than just username and time purchased. Extra info includes address, full name, payment type etc. Very important in modern gaming to help on chargeback cases.

Reference ID#103

E

Enforcer Rank - \$7.45

Creates an enforcer rank within side a family. If the player is an enforcer he/she can max their own family. Please note: You must have family ranks already to purchase this and have it installed at this price.

Reference ID#68

Exports - \$7.45

Players can export with mafia greats to receive money. Each export can be carried out once every 6 hours.

Reference ID#42

F

Family Bank Attack \$29.99

The ability to attack family banks. The bank is defended by the family members combined defences. If the family combined defences are bigger than 0, you cannot attack. If family is all zeroed, you can attack taking 10% of their bank every time you attack.

Reference ID#28

Family Bank Interest \$9.95

Family bank matures daily by a percentage decided by you.

Reference ID#29

Family Banker - \$19.98

The ability to send cash to family banker, all transfer go through automatically, no need to accept. All transfers to banker are logged and visible to family. **Reference ID#98**

Family Don - \$55

Family don, ability to run your own union and control families. Post on family boards; message your families and more.

Reference ID#87

Family Levels - \$7.50

Show players levels in a column on the family page. Please note: You must have level ranks for this plug-in

Reference ID#37

Family Message/Caption - \$3.45

Family bosses can write a short message to be displayed to other players when they view the family's page.

Reference ID#60

Family Ranks - \$14.98

The ability to give family members a rank. E.g. underboss, captain etc.

Reference ID#70

Family Subscriptions - \$7.50

Show which players are subscribers and what subscription they own on the family page. Please note: You must have working subscriptions.

Reference ID#36

Family Transfers - \$9.98

Automatic transfers between family members, no need to toggle transfers on or accept manually.

Reference ID#38

Forum - \$39.95

Easy to use forum, post and reply to topics. Integrated fully into site to match design. Admin can manage forum easily, editing, deleting etc.

Reference ID#35

G

Game Arcade - \$34.95

Simple game arcade script, built into your site. Players can play random flash games, or select games from lists. Comes with admin panel to easily upload games into categories. Comes with 100 free games (random).

Reference ID#106

Game Session Expire - \$4.95

A time (you decide) after logging in, your session is expired and you are booted from the round. Stops people auto refreshing to stay online all day.

Reference ID#83

H

Happiness Bar - \$7.50

Happiness bar edit, firstly fixing the bar align, secondly making the bar show different colours depending on the percentage. E.g. Under 25% - red, under 50% - orange, under 75% - yellow, under 100% - green.

Reference ID#88
